

Glass *Collection*

Hemos revestido todas las superficies. *Ahora hemos revestido el cristal.*

Una cuidada colección de láminas decorativas para superficies de vidrio y divisiones interiores. No es la gama más amplia, sino la más cuidadosamente seleccionada. Cada lámina está diseñada para aportar textura, controlar la luz o proteger la privacidad sin comprometer nunca el acabado.

A modern office interior featuring a large open-plan space with a polished concrete floor and a high ceiling with exposed ductwork and track lighting. On the left, there is a dark grey sectional sofa and a low white coffee table. In the background, a long wooden desk is equipped with several computer monitors and office chairs. A large window on the far left provides a view of a city skyline. To the right, a glass-walled meeting room is visible, featuring a black frame and a white honeycomb pattern on the glass. Inside the meeting room, a large brown cube sits on the floor, and a black office chair is positioned near a wooden desk. The honeycomb pattern is also visible on the floor in the foreground and on the glass partitions in the background.
